Hello Ron:

We will need to talk earlier on Wednesday May 25. I have an unexpected issue to take care off in the afternoon on that day and will not be able to make the call at 1:00 PM.

Thank you for your courtesies and patience.

Sincerely,  
Carmen

Carmen - thanks again for your time this afternoon I think we are getting "there". I did follow up on the proposed landscaped areas and at this time there is no plan to have the runoff or irrigation water diverted or tied into the sanitary sewer or storm sewer systems. The intent is for the water to infiltrated into the subsurface.

I also asked about the fence that is to be installed around the Building 300 area until the gymnasium is constructed . It is to be comprised of a 6-foot tall chain link fence with a wind screen.

I will call you on Wednesday; until then, thanks.

Ron.
